PDS PST Repair for Outlook is a utility designed to help you restore data lost by Microsoft Outlook from corrupt PST files without any charges. When you format your PC, Outlook PST file gets lost all the data stored on the hard drive and corrupt. This is really bad as this can't be recovered from your hard drive. Thus in such a case, you are left with a single option to save your data by contacting the Microsoft support team. Now, you are not supposed to call them every time your data gets corrupted. This is why you must have an application like this that will help you rescue your data from the corrupted Outlook PST file and save them in to another Outlook file. Hence, it has been designed keeping in mind the ease of use and the interface. There are many options available to help you save your Outlook data. If you select the option "Fix Today" the application will create a PST file for that day or last 7 days. This way you will not have to keep your whole file as this is going to be a fixed size. The application is going to save your file to a different location (ex: C:\PST Repairs) and you will have a different filename for each user. When it comes to the interface, they have used a very simple setup screen. There is a setting where you have to define what kind of file you want to restore. By choosing the option "Binary or OLE" it will extract the first 30 days of data from the PST file. If you select "Text" mode then it will do it for the whole file. Once you go for Binary mode the application is going to start downloading data by displaying an indicator at the bottom of the screen. How to Fix PST File Errors? In order to solve the problem of corrupted Outlook email files, you should contact the experts. They are the best IT service providers who have the knowledge and the skills. With their help, you can easily resolve the problem. When the PST files start getting corrupt or corrupted, the outlook mail file becomes inaccessible. When you try to access your MS Outlook data, the following window pops up which says that "Outlook did not save any changes to the mailbox. This may have been due to 6a5afdab4c
