CTGP Revolution v1.02 is a custom track distribution created by MrBean35000vr and Chadderz. Continuing the trend from CTGP 4.4 of using custom slots to load custom tracks, this succeeds CTGP Revolution v1.01 by adding 56 custom tracks (bringing the total up to 184) and updating many older ones for stability. It also adds new features, such as draggable Blue Shells, a speedometer on the bottom right part of the screen during a race and a random track selector. Like with previous installments, the distribution supports the PAL, NTSC-U and NTSC-J versions of Mario Kart Wii. CTGP Revolution v1 Extra tags: mario sports mix wii download torrent,.
